National Administrative Regions

This is the JSON schema I used for the JSON file about the names of national administrative regions. The file is in the `/assets/` folder.

```
 1  {
 2      "$schema": "http://json-schema.org/draft-07/schema#",
 3      "type": "object",
 4      "properties": {
 5          "provinceList": {
 6              "type": "array",
 7              "items": {
 8                  "type": "object",
 9                  "properties": {
10                      "name": {
11                          "type": "string"
12                      },
13                      "id": {
14                          "type": "string"
15                      },
16                      "cityList": {
17                          "type": "array",
18                          "items": {
19                              "type": "object",
20                              "properties": {
21                                  "countyList": {
22                                      "type": "array",
23                                      "items": {
24                                          "type": "object",
25                                          "properties": {
26                                              "name": {
27                                                  "type": "string"
```

```json
                                        },
                                        "id": {
                                            "type": "string"
                                        }
                                    },
